Why is ISBN important? ISBN. This bar-code number lets you verify that you're getting exactly the right version or edition of a book. ...

PRINCIPLES OF PSYCHOPATHOLOGY. TWO WORLDS – TWO MINDS ...

He describes the phenomenal worlds of a dreamer, a schizophrenic, a left-hemisphere-reliant and a right-hemisphere-reliant subject, and concludes that, while in the normal state, with our two hemispheres acting in harmony, our experience of the two argued philosophical realms (idealism and realism) is united, 'the condition of being schizophrenic or psychotically depressed is the relative inaccessibility of one of these worlds, different in each case' (p. 196).
