Security in Future Shopping Malls Raija Järvinen Aalto University School of Economics 2-4 June, 2010

## The Best Security Systems For Shopping Malls

The Best Security Systems For Shopping Malls Shopping malls use a variety of security cameras to monitor shoppers, reduce theft and to improve safety. When there is a large group of people in a shopping mall, it is important that security uses the best security equipment available.

## Shopping Mall Security and LP

Shopping mall security is not a replacement for retail loss prevention programs. Mall security and LP have supporting missions, but they're different missions. A diagram of the ideal exchange of information and ideas wouldn't look like a triangle, with shopping mall security, retail loss prevention, and local police at the three points.

## Operations Manual Template for Shopping Centers ...

Shopping Centre Operations Manual Format . Here are some of the main factors to be merged into the 'standard' operations manual: Hours of operation – set the rules relating to the 'operational hours' for the property. That will then lead to other issues like 'out of hours' access and security.

## 5 Essential Security Tips to Increase Safety in Shopping ...

Deploy additional security guards to patrol the premises of the shopping mall. Staff two additional security patrol guards—one stationed at the food court, one patrolling the mall common areas (washrooms, parking, etc..) Staff one extra guard for outdoors patrols and an hourly check of the roof door and mechanical rooms After closing time,...
